

Curtain-side trailer and flatbed trailer

INNOVATING FOR YOU

A recognised innovator

Fliegl is a family-owned company: grounded, always committed heart and soul to what it does – and always moving. Since it was founded, Fliegl has always distinguished itself by its drive, inventiveness, and will to continue with further development of its products. And this is also why Fliegl is recognised throughout the sector as an innovator.

It's the practical benefits alone that count. And we find out exactly what is needed in practice through continuous dialogue with our customers.

from 5,000 kg

Greenlight

- Significant weight optimisation
- Even lower empty weight (from 5,000 kg)
- Even higher cargo load (above 28 t)
- Even lower fuel consumption
- Even smaller environmental footprint

Outstanding values

- Top quality as standard
- Robust, durable and stable in value
- Thought through to the last detail, mature and uncompromising in trimming down to what is useful in practice
- Certified safety
- Top sustainability values
- Green corporate concept with energy production which is environmentally friendly

INNOVATING FOR YOU

What's important for us is what counts for YOU:

- **Quick Lock** tarpaulin central locking system:
50% time saving when opening and 33% when closing – Fliegl is **the only one in the world** that manufactures this since 1996
- Increased loading width with the **Free Load System**:
Complete loading freedom on 13.2 metres – simpler, safer, faster
- Bolted, fully galvanised underrun guard: Low downtimes and low repair costs
- Effective ram protection
- **Heavy Blocker** for perfect ram protection in the door area
- Up to 500 lashing options
- Non-slip floor
- Double-joint doors
- Greenlight-versions for even greater fuel savings
- Robust and tough: For long and trouble-free service life
- Impressive vehicle handling characteristics

Service 24/7

- Europe-wide breakdown service (in cooperation with ADAC)
- Tyre service
- Recovery/towing
- Troubleshooting on electrical/electronic systems
- Fliegl 24/7 Service: +49 (0)800-5 78 78 76

Fliegl – an outstanding brand

Curtain-side trailer

A recognised innovator

Fliegl is a family-owned company: grounded, always committed heart and soul to what it does – and always moving. Since it was founded, Fliegl has always distinguished itself by its drive, inventiveness, and will to continue with further development of its products. And this is also why Fliegl is recognised throughout the sector as an innovator.

It's the practical benefits alone that count. And we find out exactly what is needed in practice through continuous dialogue with our customers.

RoadRunner/MegaRunner

- Payload advantage up to 800 kg
- Economic, safe, efficient
- Multiple fittings and load-securing options
- 48 plus: Warranty extension to 4 years
- Also available as Jumbo and City semi-trailers

from 5,000 kg

Greenlight

- Significant weight optimisation
- Even lower empty weight (**from 5,000 kg**)
- Even higher cargo load (**above 28 t**)
- Even lower fuel consumption
- Even smaller environmental footprint

Fewer axles – lower toll charges

RoadRunner Twin/MegaRunner Twin

- Axle load: 10 t
- Total vehicle+trailer weight: 38/39 t
- One axle fewer – payload reduction of just 1-1.5 t
- With almost the same payload: Savings of 2,700.00 Euro per year (at 150,000 km on roads with toll charges)
- Reduced fuel consumption

INNOVATING FOR YOU
